Since the origin of our establishment, we have had in and submarine explosion; the cattseshow and sale; the Anview, and have strictly adhered to three distinct purposes in our manufactures, viz: Economy in price, Imp of quality and taste, and the perfecting a STANDARD OF FASHIONS FOR THE UNITED STATES, independent of the European, all of which have been successfully effected, resulting in a most in portant saving to the community at large, and an equally satisfactory remuneration to ourselves, consequent upon the extensive patronage Park.

which we have received. Our improved FIVE DOLLAR HATS, so superior in material, elegance of style and perfect finish, that immediately upon their introduction, they became not only preeminent at home, but celebrated in London and Paris, and elicited the highest encomiums of the Press there, soon superseded the \$10 Hats previously worn here by the first class of our citizens. This article, now fully established as the highest standard, is so extensively known and universally approved by the fashionable and genteel wearers and true economists, that we will not now allude further to its merits, except to announce that we have improved its beauty and value the present season beyond any that we have heretotore produced.

At the urgent selicitations of many of our customers, who were anxious to economise in the first cost, and verdesirons to avail themselves of the peculiar style and finish characteristic of our fabrics, we have for some time past made diffgent efforts to accomplish their wishes, and consequently bave just perfected the new article of Hats as announced above. They will be composed of superior materials, the workmanship will be of the first order, and although felly equal to Hats formerly retailed at \$6 and \$7, they will be sold at \$5,52} each, a price not only commen-urate to the present pecuniary depression, and far less than their intrinsic worth, but infinitely cheaper, when the respective qualities are compared, than any which have ever before been

offered to the public. Purchasers are assured, in advance, that these Hats will not incur the objection, viz: " dear at the price," currently argued against most low priced goods. LEARY & CO.

SPENCER'S Sale- Room.

Orlando Fish, Fashionable Hatter, 137 Broadway, would inform the gentlemen of New York that his Fall and Winter style of Hats is now ready for their inspection and critical judgement. Claiming the distinction of having been the first to project and abide by a strictly AMRRICAN style of Hats, instead of servilely copying the Fashions of Europe, which are often unsuited to our climate and manners, he rejoices to perceive that others have seen fit to follow his lead, and that now the following of European Fashions in Hats is almost entirely abandoned by the leading manufacturers.

He offers a Winter style of Gentlemen's Nutrin Hats at \$3.50, and warrants them equal in material, finish, fashiso and durability to any Hat sold as low as \$4 in the city. But he wishes it distinctly understood that his best Hats are not sold at this price, but at \$4.50. These he recommends as equal to any hat sold in New-York at \$5 or under, and challenges for them a comparison with any other.

Gentlemen visiting our city are respectfully invited to call and examine his new stock of Winter hats and judge of their quality. He is confident that, whether the cheapest or he heat flat is desired, the inquirer will here be satisfied.

The subscriber invites the attention of the Reau Monde to ms beautiful, graceful, and tasteful low bell-crowned flat, being the only really fashionable article of the kind extant, being the only really fashionable article of the kind extant, though he cannot expect but imitators will spring up, and claim the benefit of his own original conceptions.

To say that these Hats surpass any thing of the kind in point of style, finish, and graceful appearance, is to claim no more than is warranted by an experience of twenty years in the business, and he invites gentlemen who study grace and fashion, to call and examine for themselves.

A large assertment of Traveling Trunks, Carpet Bags, Hat Cases, and, in fact, every thing necessary for a gentleman's traveling outfit, may also be found at

A communication is the Louisville Journal states that runors are affoat that the State has failed to pay the interest on her bonds, due the Board of Education, and that she now owes the Board one hundred thousand dollars. We

shall probably have some explanation of this from the proper officers. Markets-Carefully reported for The Tribune. ASHES-The bills out to-day are about 150 bbls, and the ceipts about 200 bbls. The demand continues pretty ent price. Sales to-day about 100 bbls, at \$5 50, and abou

The whole receipts since opening of navigation are \$2,793 bbls; stock on hand 2647 obls. Pots, 852 obls Pearls; uninspected 200 bbls. Total 3-99. COTTON-The market to-day has not been active, the sales not exceeding 300 bales. The rates are about those

current during the latter part of the week; but prices are ha will keavy, and there is little disposition eviaced among shippers to buy. Some lots are going forward from first hands. Sales were mainly to exporters. Among the lots was some strictly fair Georgia, new crop, at 81, and some fully fair do at 9. The sales of the week ending Friday evening were 2 550 bales at 6 a 9 cts, for Upland and Florida; 61 a 91 for Mobile, and 61 a 91 for New-Orleans. The export from 1st to 21st instant is 5,096 bales; import since 1st inst. 5,648 bales.

FLOUR-The market may be quoted at 6 cts. per bbl. higher on some descriptions than on Friday. The receipts aday were light, and a good demand existing for the Eastern markets, receivers were enabled to obtain freely the advance noticed above. At the close of business, there was very little left affoat unsold. Genesee we quote at | the city. \$4.69, with sales of nearly all received. A tew sales were made at \$4 621; but they were lots in indifferent order, of doubtful origin. We notice sales of several hundred bbls of Michigan at \$4 621, with some better than common at \$4 69. Prime is very pleuty and dull at \$2.50 a 3.00; Mess is scarce, and wanted at \$7.75 a 8.00; Reinse is still in brisk demand, and a parcel of soft Mess Pork sold at \$8.75.
